

EnviroLease is an easy way to pay for EnviroStall. EnviroCare protects your investment with our commitment to customer satisfaction.

## EnviroLease

An Easy Way to Pay For EnviroStall.

### One-Year Lease

### Two-Year Lease

### Three-Year Lease

EnviroLease is a convenient and cost-effective approach for acquiring and enjoying the benefits of EnviroStall. EnviroLease makes it easier for farms to install and improve their horse stall management practices.

EnviroLease offers one-, two- and three-year options that allow you to pay for the EnviroStall system over a period of time. With the monthly cost savings that you experience with EnviroStall, the system pays for itself. Plus, when you participate in the EnviroLease program, you also benefit from EnviroCare. See [envirostall.com](http://envirostall.com) for terms and conditions.

## EnviroCare

Confidence in our system. Commitment to customer satisfaction.

EnviroCare starts on day one and remains in place as long as the customer is part of the EnviroCare program. EnviroStall replaces or repairs any defective or worn parts of the EnviroStall system, including the Enviropad, Enviromats, Envirolyte and our proprietary microbes, throughout the program. EnviroStall monitors the moisture and air quality in your stalls and works with you to improve your horse stall management practices.

ONLY \$79.99 per stall, per month after lease.
